# Thailand's CAPI and AITIA convenes to advance agricultural trade and â??Belt and Roadâ?• cooperation

09 January 2026 | News

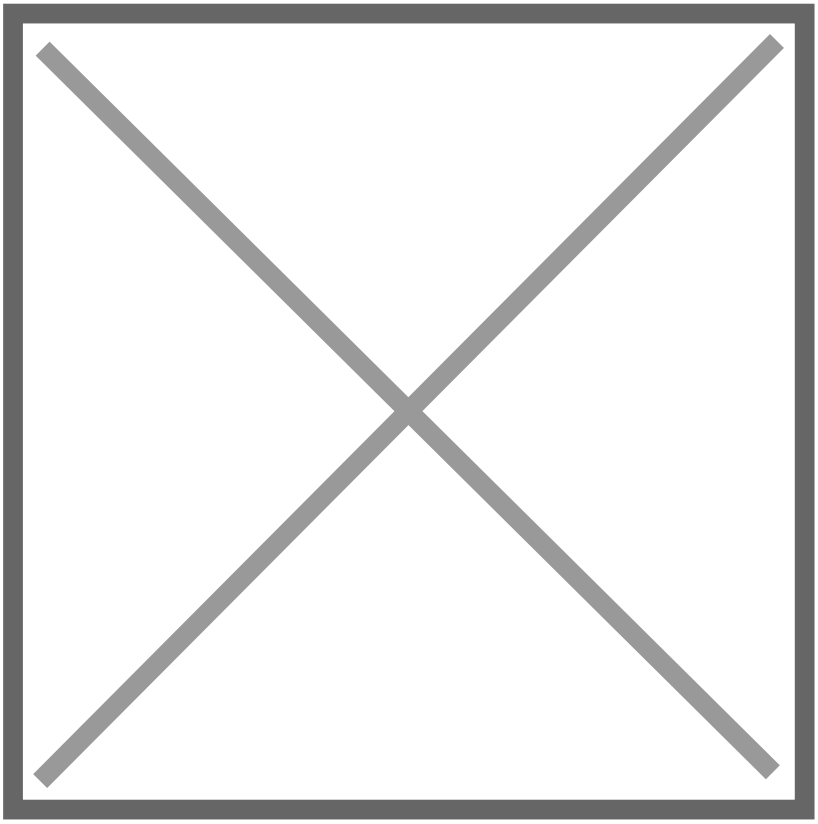

**China and Thailand refine the collaborative framework**

**China and Thailand refine the collaborative framework**

The China Association for the Promotion of International Agricultural Cooperation (CAPI) received a delegation from the Asian-International Trade and Investment Association (AITIA). Mr. Jia Guangdong, President of CAPI, alongside key department heads, engaged in productive discussions regarding China-Thailand agricultural trade and synergy between international exhibitions.

During the meeting, AITIA presented plans for a major Agricultural Excellence Expo scheduled to take place in Thailand in 2026. The association expressed a strong desire to deepen strategic ties with CAPI to facilitate market access for agricultural enterprises from both nations. AITIA also reaffirmed its commitment to participating in CAPI-led initiatives to foster resource sharing and bilateral exchange.

Furthermore, AITIA consulted with the Executive Chair of the China Food Import and Export Expo regarding the inaugural **â??Belt and Roadâ?• Agriculture and Food Trade Roving Exhibition**. The first stop is tentatively planned for Bangkok, Thailand. Given the alignment in positioning and scheduling with the aforementioned agricultural expo, both parties agreed to further refine the collaborative framework.

President Jia Guangdong concluded by emphasizing CAPIâ??s role as a vital bridge, pledging to actively promote these events to member companies and provide comprehensive support for participation. This meeting marks a significant milestone in establishing a solid foundation for future substantive cooperation between the two organizations.
